**Academic Information**

**Verify your academic file**

It is very important that you verify your academic and personal information displayed on the Confirmation of Registration in your uoZone ([http://uozone.uottawa.ca](http://uozone.uottawa.ca)). Some of the information appears on your permanent official record or transcript. Remember that all changes to your course schedule must be reflected in your academic record.

---

**Reminder**

The Graduate Student Mentoring Centre provides various workshops such as “Overcoming the Writer’s Block”, “Goal Setting – A Fundamental Skill of every Successful Person”, “Time Management”...

[http://www.sass.uottawa.ca/includes/pdf/mentoring-atelier.pdf](http://www.sass.uottawa.ca/includes/pdf/mentoring-atelier.pdf)

---

**Did You Know?**

All new employees (staff, graduate students, summer students etc.) at the University of Ottawa must undergo health and safety training! The Office of Risk Management and the Faculty of Medicine’s Environmental Health and Safety websites both have lists of all training courses available. Remember, training must be renewed every 4 years. Many external scholarships are conditional upon the trainee having up-to-date training certification. Visit [http://www.uottawa.ca/services/ehss/menuTraininglink.htm](http://www.uottawa.ca/services/ehss/menuTraininglink.htm) and [http://www.uottawa.ca/services/ehss/register.htm](http://www.uottawa.ca/services/ehss/register.htm) for more details!
